

# JUNGLE KING™

COLLAPSIBLE FABRIC PILLOW TANK

The Jungle King collapsible tank is specifically designed for liquid fuel storage in hot, humid, wet climates. Constructed from a high-durability fabric using proprietary PetroH2Ohesive™ unique to SEI Industries, the Jungle King has excellent UV and hydrolysis resistance for a longer life expectancy than any other urethane collapsible fabric tank in the jungle. With its green camouflage color and vent system to handle flash rainfalls, it is ideally suited for even the most extreme jungle conditions. These tanks combine portability and versatility with economy and are available in a full range of sizes from 250 to 30,000 USG and larger, if required.

## COLLAPSIBLE TANK FEATURES

- 100% RF (Radio Frequency) welded
- Fully collapsible
- Rapidly deployable
- Easy to fold, transport and relocate
- Requires minimal site preparation
- Lightweight – saves on transport costs
- Won't rust or corrode

## ADVANCED FABRIC FEATURES

- Exclusive Jungle King™ fabric exceeds US military specifications
- Tank continually adjusts to any volume of liquid so that air cannot accumulate, reducing microbiological growth
- Fuel quality is preserved – extending equipment life and safety
- Suitable for JP-1, JP-4, JP-8, kerosene and diesel fuels with less than 40% aromatic content
- 1-year manufacturer's warranty

SEI Industries can supply the Jungle King as a stand-alone product or as part of a complete turnkey jungle fuel system:

- Primary storage tank with tropical vent
- Secondary containment berm
- Rainwater filter system
- Solar shade
- Fuel transfer, metering and filtration equipment
