

FLEXPAK™

WATER AND FOAM BACKPACK TANK

In service in 82 countries worldwide, the FlexPak is a collapsible backpack tank with a hand pump for fire control and mop-up operations by ground personnel. If required, the pump can also be equipped with a reservoir for foam concentrate application.

BACKPACK FEATURES

- Heavy duty; ultraviolet resistant industrial fabric, lap welded seams, quick release sternum straps
- Capacity: 5 USG (19 liters)
- Maximum weight: 4.5 lbs. (2 kg) when empty, 46.4 lbs. (21 kg) when full, designed for back comfort
- Smooth, comfortable, padded shoulder harness
- Compact and collapsible for easy storage
- 4" (101 mm) filler cap (positive seal), built-in debris screen in-fill valve, quick connect couplings to backpack

PUMP FEATURES

- Rust proof
- Designed for easy field maintenance
- Operate with left or right hand
- Garden hose threads
- Brass cylinder with hi-impact composite cover
- Field repairable

ADD-ONS AND ACCESSORIES

- Foam pump with air-aspirated nozzle and concentrate reservoir, holds 16 fl. oz. (500 ml)
- Repair kits available for backpacks and pumps
- Custom fittings available on request
- Adjustable nozzle for pencil stream or fog mist spray

RELATED PRODUCTS

- Pumpkin Tank – open top water reservoir
